REQUIREMENTS FOR PRE-EVENT TESTING (PET)

Where PET is required, the following must be complied with:

- a. ROs must ensure that all worshippers (except where paragraph (b) below applies) obtain a negative COVID-19 test result before they may be admitted into the venue where the service is being held.¹
 - i. The test must be an MOH-approved COVID-19 test (either an Antigen Rapid Test (ART) or Polymerase Chain Reaction (PCR) test) administered by an approved test provider.²
 - ii. The test results are only valid for 24 hours from the time an individual registers at the testing premises to take the test. The RO must ensure that the result of the test is valid until the **end** of the worshipper's participation in the worship service.
 - iii. The worshipper must be able to produce proof of the test result, which are either (i) Check-in Successful banner (displayed on the SafeEntry (Business) application upon scanning with TraceTogether App/Token), (ii) COVID-19 Test Result Notice (ART), (iii) COVID-19 Test Result Notice (PCR), or (iv) Patient Risk Profile Portal (PRPP) ART Result Slip.
- b. The requirements for PET in paragraph (a) above do not apply to worshippers who have been vaccinated³ or produce an exemption notice⁴. Before being admitted into the venue where the service is being held, the worshipper must produce valid documentation of either their vaccination or exemption notice which must remain valid until the end of the worshipper's participation in the service.
- c. Where PET is required for a service, ROs must prominently display signs at each point of entry and exit (including emergency exit) to the venue where the service is being held, to indicate:

¹ For further details on PET requirements, refer to: <https://www.moh.gov.sg/covid-19/pet>.

⁴ The exemption notice refers to a PET exemption notice with a relevant validity period. It must be issued 270 days from the date of the earliest PCR+ result performed in Singapore or 270 days from overseas PCR+ result if a Serology-positive (S+) result is obtained in Singapore.

- i. The space is a restricted place⁵, and the duration for which it will be a restricted place (i.e. the duration of the service). ROs must clearly mark the boundaries of the restricted place (e.g. though fencing, rope, signs, walls, partition, screen).
 - ii. That entry and remaining within the restricted place is allowed only to individuals with a cleared status (i.e. have a valid negative COVID-19 test result notice, valid documentation of vaccination or exemption notice).
- d. ROs are to highlight to worshippers attending services beyond 50 and up to 100 worshippers that entry into the venue where the service is being held will be denied to worshippers who do not produce the relevant negative COVID-19 test result notice, vaccination notice, or exemption notice, with the necessary validity period.
